

**PINK
DUCK
RACE**

**Thousands of Pink Ducks
racing on the water!**

**OUR
STORY**

Quack, Quack))

**We are the Pink Ducks
and this is
OUR STORY**

**We are ON TOUR
to fight against
breast cancer
and raise awareness.**

PINKDUCKRACE.COM

We are eager to do this together with you,
we need **your help!**

To support local breast cancer organizations,
you can adopt us at our website pinkduckrace.com

Our **Mama Duck** is joining us on tour!
Most people are incredibly surprised when
they see her. She is huge, 3 meters high!
Not because she ate too much, but because she is
so smart 😊 She is the smartest duck in the world.

We decided to use **Pink Duck Race**
to spread awareness
and information about this disease.

To be prepared for this big challenge,
we started working out because, as you know,
a healthy lifestyle can be very important
to prevent breast cancer.

As the team captain, let me tell you more
about the goals of **Pink Duck Race**.

When we heard that worldwide **1 in 8 women**
would be diagnosed with breast cancer one day,
we realized that we had to do something to help!

Together with my Pink Ducks team and
our Mama Duck, we decided to swim for
a higher cause and start this adventure!

We are planning to visit many European countries
and who knows, we may travel worldwide.

#PINKDUCKRACE

Our Pink Ducks on Tour schedule
is really busy but also fun.

In every country we travel to, we want to enjoy
the **vibrant cultural scene**: exhibits, concerts,
festivals, theatres, and much more.

As proud guests, we plan to visit
lovely locations in all the **host cities**:
events, companies, gyms, restaurants, ...

And in the end, we will swim as fast as we can!
We promise! It is important to all of us!
Mama Duck says: Yes, you can!

So, please go to pinkduckrace.com
for more info and help us fight breast cancer!
We can't do this alone...

Quack, quack!
