That's a promise to you, our planet, and the ducks.

Did you know that 1 in 8 women will be diagnosed with breast cancer in her life?

This means that every year, in Europe, **500.000** people will get breast cancer and **125.000** will sadly pass away.

Breast cancer campaigns all over Europe are working hard to raise awareness about the disease.

Recognizing possible warning signs of breast cancer and taking prompt action leads to early diagnosis and saves lives.

Your actions have the power to show every woman that her life matters. Your support helps us to continue our campaigns to fight breast cancer.
